

PATTUPOGULA JASWANTH

9494159131 | pattupogulajaswanth5@gmail.com | [LinkedIn](#) | Kadapa, Andhra Pradesh

Career Objective

Motivated Computer Science undergraduate with a solid grounding in full-stack development, modern JavaScript frameworks, and key computer science concepts. Committed to creating scalable, user-centric applications and solving real-world challenges with clean and efficient code. Excited to collaborate in dynamic teams and eager to grow through meaningful projects and mentorship

Technical Skills

- **Programming Languages:** Java, JavaScript, Python
- **Frameworks:** Spring Boot, Hibernate, React.js
- **Databases:** MySQL, SQL, PostgreSQL
- **Tools& Systems:** Git, GitHub, IntelliJ IDEA, VS Code
- **Core Concepts:** Data Structures & Algorithms (Java), OOPs, RESTful APIs, Web Development

Internship Experience

Cyber Security on HM cyber academy

- Gained practical knowledge of cybersecurity concepts, network security, and incident response techniques.
 - Worked with security tools and participated in real-time security simulations and hands-on practical sessions.
 - Learned the fundamentals of ethical hacking, vulnerability assessment, and secure system practices.
- Jun2025-Jul2025

Cod tech IT solution

- Developed responsive web applications using Python, HTML, CSS, and JavaScript.
 - Assisted in designing and implementing user-friendly web interfaces with responsive layouts.
- Nov2025-Des2025

Projects

Hospital Management System

- Developed a Hospital Management System to manage patient records, doctor information, appointments, billing, and medical reports.
- Designed and developed responsive user interfaces with CRUD operations for efficient hospital management.
- Integrated Java, JDBC, and MySQL to perform secure database operations and maintain patient information.
- Implemented secure Admin, Doctor, and Patient login modules with role-based authentication and access control.

Insider Threat Detection System

- Developed an Insider Threat Detection System to identify potential security threats using Machine Learning techniques.
- Implemented RESTful APIs using FastAPI for secure communication between the frontend and backend systems.
- Designed a responsive dashboard to monitor employee activities and visualize threat detection results.

Education

B.Tech – Computer Science and Engineering - N.B.K.R Institute of Science and Technology, Vidyanagar	(2022–2026)
Intermediate – CSE-St. Joseph's Junior College, Kadapa	(2020–2022)
SSC – Sri Sai Teja High school, Khajipet.	(2019-2020)

Certifications

- CODTECH IT SOLUTION -Python Programming INFOSY
- NPTEL -Privacy and Security in Online Social Media
- IBM Skills Build -Artificial Intelligence Fundamentals
- INFOSYS -cloud computing
- QUBITECH -Quantum computing
